

# LSH-9100-E

Load Securing Hooder

# LSH-9100-E

## Load Securing Hooder

**UP TO 100 LOADS PER HOUR**

### Versatility

Configurable up to 6 different film types and sizes. Can do all pallet finishing. Cartesian stretch that allows many load sizes with one machine

### Performance

Medium to fast capacity according to needs. Superior load protection.

### Cost efficiency

Film usage reduced to a minimum and constant packaging cost. Cost efficient alternative to shrink wrapping.

### Applications

Containers

Bags

Boxes

Bottles

Big Bags

Trays

Barrels

**Stretch hooding offers superior load protection by being waterproof, sand proof and dustproof, reducing damages on products and increasing load stability.**

## Typical Equipment Dimensions

### Pallet dimensions

1200 mm X 1000 mm / 1219 mmx1016 mm

### Loading height

Min 300 mm, Max 2650 mm

### Loading weight

Up to 2000 kg

### Palletized load dimensions

Up to 1500 mm x 1300 mm

### Load conveying height

600 mm above floor

### Film thickness

40-200 microns

### Operating pressure

85 PSI (6 bar)

### Electrical requirements & net frequency

50-60 Hz

### Ambient temperature

+0°C +40°C

### Noise level

≤ 80 dB

## Features

Film unwinding with double motor, film opening with vacuum system

Photocells film end, on all reels

Four supporting columns for vertical stretch on all load sizes

Automatic load identification system, and tailored hood for ECAH load

Multiple reels configuration

Controllable and adjustable sealing bar temperature

Film usage reduced to a minimum

## Options

Centering device for pallets

Second reel in automatic cycle

Maintenance for welding and cutting bar at floor level

Outfeed at 90°

EWON for remote assistance

Increase HMI size

Upgrade to stairs

# Lifetime

## Client Solutions

**Premier Tech Client Solutions** take a personalized approach to **lifecycle management**, creating enhanced solutions customized to your specific needs that develop your own capabilities and operational habits, and help you achieve and maintain productivity.

The Client Solutions' passionate team acts as a **partner** by maintaining constant collaboration and putting your interests at the heart of daily decisions throughout your equipment's lifecycle.

Our programs are designed to help you reach your highest **Overall Equipment Effectiveness (OEE)** and maximize your **Return on Investment (ROI)** by providing you with the most valuable lifecycle services in the industry focusing on critical areas such as **24/7 technical support, spare parts, field service, training, system assessments and optimization.**
