LSH-0200

Fully equipped Load Securing Hooder

LSH-0200

Fully equipped Load Securing Hooder

UP TO 200 LOADS PER HOUR

Safety
Easy access for maintenance and safe remote access. Quick change of cutting blade and welding bar on the ground.

Usability
The stretch hooder is connected directly to your business software with a new SMART user-friendly HMI. Complete packaging cycle visible on one screen.

Design quality
Convenience of the design with the film unwinding station lowerable at floor level and compactness of the equipment ideal for low ceilings. Cost efficient alternative to shrink wrapping.

✓ **Stretch hooding offers superior load protection by being waterproof, sand proof and dustproof, reducing damages on products and increasing load stability.**
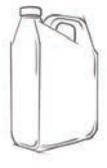

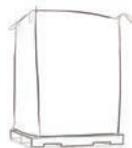

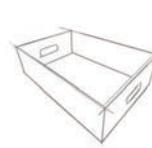

Applications

Containers	Bags	Boxes	Bottles
Big Bags	Trays	Barrels	

Typical Equipment Dimensions

7633 mm

6192 mm

Top view

5540 mm

Side view
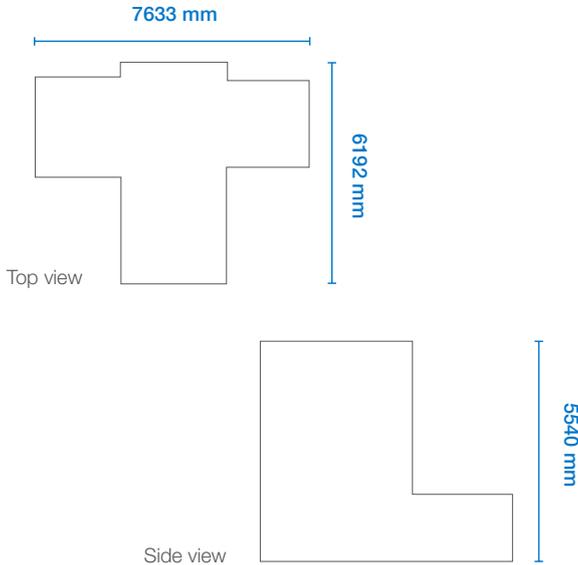

Pallet dimensions
1200 mm X 1000 mm / 1219 mmx1016 mm

Loading height
Min 300 mm, Max 2650 mm

Loading weight
Up to 2000 kg

Palletized load dimensions
Up to 1500 mm x 1300 mm

Load conveying height
600 mm above floor

Film thickness
40-200 microns

Operating pressure
85 PSI (6 bar)

Electrical requirements & net frequency
50-60 Hz

Ambient temperature
+0°C +40°C

Noise level
≤ 80 dB

Features

Configurable with 3 different film types/sizes

No ladder, no top platform

Can do all pallet finishing

Photocells film end, on all reels

Cartesian stretch that allows many load sizes
with one machine

Four supporting columns for vertical stretch
on all load sizes

Automatic load identification system

Tailored hood for ECAH load

Multiple reels configuration

Controllable and adjustable sealing bar temperature

Film usage reduced to a minimum

Options

Centering device for pallets

Second reel in automatic cycle

Outfeed at 90°

EWON for remote assistance

Increase HMI size

☑ Lifetime
Client Solutions

Premier Tech Client Solutions take a personalized approach to **lifecycle management**, creating enhanced solutions customized to your specific needs that develop your own capabilities and operational habits, and help you achieve and maintain productivity.

The Client Solutions' passionate team acts as a **partner** by maintaining constant collaboration and putting your interests at the heart of daily decisions throughout your equipment's lifecycle.

Our programs are designed to help you reach your highest **Overall Equipment Effectiveness (OEE)** and maximize your **Return on Investment (ROI)** by providing you with the most valuable lifecycle services in the industry focusing on critical areas such as **24/7 technical support, spare parts, field service, training, system assessments and optimization.**
