Manual bagger with  
volumetric feeder

## CHRONOS • VF MB SERIES

Manual bagger with  
volumetric feeder

**UP TO 20 BAGS PER MINUTE (1200 PER HOUR)\***

\*Depending on the application, bag characteristics, and machine configuration

### Design quality

This manual bagging machine features a robust and reliable design, low-cost maintenance, and is built for 24/7 operation under tough conditions.

### Efficiency and accuracy

Automatically detects optimal product levels for increased efficiency and accuracy with a quick-action pneumatic flow control gate for consistent product feed.

### Ease of use

Foot-controlled system handles varying bag sizes.

### Bulk materials

Bark

Compost

Mulch

Peat moss

Soils

### Bag types

Gusseted

Gusseted flat  
bottom

Pillow-type

### Bag materials

Paper, PE, and laminated woven PP

The VF MB Series is durable and reliable, built to last and capable of being upgraded to a fully automatic system.

## Specifications

### Bag specifications

**Width:** From 13.75" to 33" (330 to 838 mm)  
depending on selected spout size

**Weight:** 5 to 50 kg (11 to 110 lb)

### Electrical requirements

460 V - 3 Ph - 60 Hz (other voltages  
available)

### Operating temperature

40 °F to 95 °F (5 °C to 35 °C)

## Options

Variable speed drives for infeed line control

Operator access platform

Size-adjustable filling chute

Wear liners

Conveyor

# Lifetime

## Client Solutions

**Premier Tech Client Solutions** takes a personalized approach to **lifecycle management**, creating enhanced solutions customized to your specific needs that develop your own capabilities and operational habits, and help you achieve and maintain productivity.

The Client Solutions team acts as a **partner** by maintaining constant collaboration and putting your interests at the heart of daily decisions throughout your equipment's lifecycle.

Our programs are designed to help you reach your highest **Overall Equipment Effectiveness (OEE)** and maximize your **Return on Investment (ROI)** by providing you with the most valuable lifecycle services in the industry focusing on critical areas such as **24/7 technical support, spare parts, field service, training, system assessments and optimization.**
